

# Mayhem in the Sub's Room

by Suka

It's my secretary work log for the Admiral!

The Admiral will be really impressed, dechi!!

Just you see, I'll make the best reports ever made!

Does that mean he can't really trust you to do any more than tell the time?

De-chi-!?

Well don't ask me to help.

I'll work with you, nano!

...it was cooked salmon.

Um... What did we have for breakfast?

Good idea, dechi.

For starters, try writing down what we ate.

I forgot, nano!

Breakfast was so long ago too, nano!

You're so dependable, Imuya!

Stuff like that's easy to remember!
